freedom in how and when  
I do my work

I get faster and  
more valuable feedback  
on my work

I experience more  
interconnectedness and  
support in my working

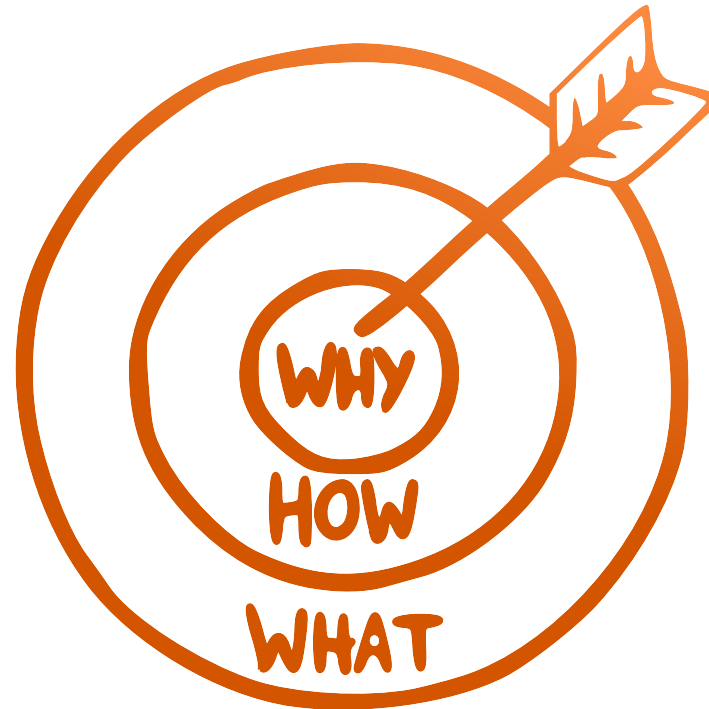

The contribution  
expected of me is clearer  
and more achievable

I feel more supported  
in my growth and  
well-being

I feel more challenged  
to learn

Ik ervaar wat we doen  
als betekenisvoller
